How to Pair

Automatically Pair

1. Take two earbuds out from the charging case simultaneously. After the white light is on, then the red and white lights start to flash alternately. If the above process is completed, the earbuds will be successfully paired.
2. When the white light of the left/right earbud flashes slowly, turn on Bluetooth and search for "Haylou GT5", then tap to connect
3. After the first connection, the earbuds can be automatically connected to the lastest paired device when turned on (Bluetooth needs to be turned on).

Note: If the connection fails, put the earbuds back to the charging case and repeat the above operation.
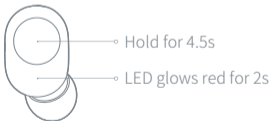

Xiaomi-rus

Manually Pair
When the earbuds is turned off, press and hold for 1.5s to turn on the two earbuds, then wait for 2-3s for the earbuds to be connected in series, and when the white light of the right earbud flashes slowly, turn on the device's Bluetooth to connect.

Xiaomi-rus

Switch operation

Pick out earbuds to power on. Hold MFB for 1.5s to power on(LED glows white for 1s), if earbuds are not in carry case.
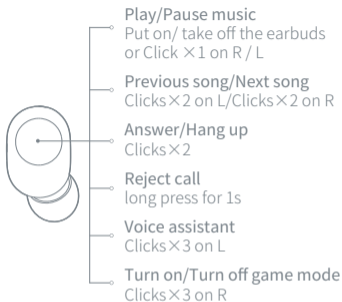

Hold for 1.5s

LED glows white for 1s

Push earbuds back in case to power off them. Hold MFB for 4.5s to power off earbuds(LED glows red for 2s).

Hold for 4.5s

LED glows red for 2s

Can't charge?

Earbuds:
1. Charge the charging case for 1 hour before use.
2. Make sure that the charging case of the earbuds contacts the charging pin in the charging case properly.
3. Make sure there is no dirt on the charging pin.

Charging Case:
1. Make sure the charging cable and interface are connected properly.
2. LED will not turn on if you put on charging cable when the case is topped up.
3. Repeat plugin/out cable or try different socket or plug.
4. Check if the charging pin is missing or loses its elasticity.

When need to reset?
1. Only one earbud plays.
2. Earbuds cannot be connected to the phone.
3. Cannot switch to stereo mode.
4. Other malfunctions.

Factory Reset

1. Put the earbuds back to the case.
2. Keep it in the case, at the same time press and hold both "Touch Control Areas" of the earbuds for 10 seconds. After that, the earbuds will quickly blink 3 times（red→white→red）, and then release them. The light of earbuds always turns on after resetting successfully.
3. Unpair Bluetooth connection on the device, then turn on Bluetooth and search " Haylou GT5" to connect again.
PS: Before resetting, please make sure that the earbuds and charging cases have sufficient power.

Daily Maintenance

Do not wear the earbuds to take shower, rain, put it in the washing machine, and use it in extreme environments such as abnormal temperatures. After each normal use, please use a dry cloth and other tools to wipe off the sweat or rain on the earbuds, which can effectively extend the use of the earbuds duration.
